MEMORANDUM FOR THE RECORD

SUBJECT: Director's Meeting with Senator Milton R. Young (R., N. Dak.)

1. During a courtesy call on Senator Young today the Director explained his general approach to his new duties, citing the President's directive of November 1971 and the requirements to improve coordination and economy within the community and focus the intelligence effort on targets of priority concern to top level consumers.

2. He also spoke briefly of our problems with the Church Subcommittee hearings on the [redacted] question and suggested that Senator Young might make a statement to the effect that our oversight Subcommittees had gone into this matter in detail and there was no need for it to be reviewed by other committees. Senator Young commented such a statement would carry more weight if it came from Chairman McClellan and volunteered to ask McClellan to make such a statement at the proper time.
